Program Remarks

9) *Briefly describe any situation related to reoccurring or significant toxic substances and/or exposure locations that may require intervention or emergency action by EPA or ATSDR.*

- As an expert advisor to Region V EPA, Dr. Peter Orris investigated and is continuing to evaluate a cluster of childhood cancers in Clyde OH. Dr. Orris participated in on-site investigations in addition to several consultations in the Chicago EPA office.
- Dr. Buchanan worked with Region V EPA in the development of a hotline response related to testing children for environmental chemicals in the Clyde, OH community..
